he's so into~

oh, isn't this
the collar Elec was wearing?
hahaha yeah, that's right
I picked up the pieces you cut

This was used a long long time ago on spirits and fairies that became criminals, as a way to prevent them from using magic

SFX: gagak~
Magic?

you know, the sparkly flashy stuff
the siblings used yesterday
Elec

How interesting
I thought they were using psychic powers or something.
Oh my~
There's no such thing as psychic powers~
This isn't a comic, you know~
Imao

It's strange though.
I thought that only spirits and fairies could use magic...
It's something you'd see only after living so long
